

Ranger Report

December 8 - 14, 2014

Hello! This is chief ranger Eric with the weekly lake report. The rainbow trout are still hitting pretty steadily with some larger trout now being caught. The trout are now spreading out through the lake so some exploring will be needed to find them again! The hot baits are still the small silver or gold kastmaster spoons. The hot power bait is now the gold and also lime green. Our fully stocked bait and tackle shop has all your trout baits in stock. Stop in and see Pat or Rebecca and they will get you outfitted.

Take care and good fishing!

Ranger Eric

Weekly Creel: Catfish – 1, Rainbow Trout - 37
