

Fishing Report

16 mar – 22 mar

The fishing has been good the last week. Several nice trout were caught. A couple of 4lb channel cats were caught too. The real big news of the week was the black crappie. They moved out of the deep water and over 50 crappie were caught. The best bait right now seems to be minnows. Pinkies catch the trout and crappie, and the catfish are biting on fatheads minnows. Congratulations to John Rudick on winning the trout tournament. He caught a nice 4lb trout.
