

## Weekly Ranger Report

November 23 – November 29, 2014

This was a short week at the SBEA Lake! We hope all you had a wonderful Thanksgiving Day like we did. Did everyone survive Black Friday shopping?

The last fishing day in November was a windy and cold but we had a lot of people out fishing and just in one day at least 76 Rainbow Trout were caught! It sure was great to see all the ladies and children out here enjoying the lake a catching fish!

The Berkley Power Bait won the most popular contest this week with the Berkley Power Worms and Kastmasters coming right up behind them!

Congratulations to Loc V Le for catching a whopping 7lb Rainbow!

Visit our Facebook page at <https://www.facebook.com/pages/SpiritBoeing-Employees-Association/146229198781922?ref=hl> to see a small 8 second video of Loc's catch. (We had the camera set to video instead of photo, but did get him to smile).

Creel:

95 – Rainbow Trout
