

Ranger Report

April 2017

Hi! Here is the monthly Creel count and ranger report. Hope everyone is enjoying the spring fishing! We are now into a couple nice channel cat stockings and the bite has been pretty strong. The cat's are hitting Sonny's blood bait and shrimp with garlic scent on it. Bluegill and crappie are hitting minnows and small spinner baits. Bass are hitting 8 inch purple and chartreuse rubber worms. Please remember to release all blue cats till 15 June and any white perch caught must not go back into the lake. Remember to sign up for Mays Lunker catfish tournament!

Take care and good fishing!
Ranger Eric
