

Ranger Report

July 26 – August 1, 2014

Let's talk camping at the SBEA Lake. Where are you? We have 14 electrical camping sites that only cost \$6.00 a night. Right now we are only getting around 4 campers a weekend. This leaves plenty of room for the person who would like to camp and fish without the hassle of driving a long ways. The fishing is great and the camping friendly. Don't miss this hidden gem.

We stocked the lake last Thursday. Stink bait is the bait of choice with shrimp second. Did you know that we have bait available at the guard shack? After the store closes, stop by the shack and Ron will be glad to sell you what you need.

Creel count: Catfish – 151, Bass – 14, Crappie – 8, Blue gill - 20
