

Ranger Report

June 1 – June 7, 2014

I want to thank all the fishermen for a really good week. Since I came here I would hear all the stories about the good old days. The lake was so crowded that you couldn't find a dock because all the docks were filled. On Saturday, the lake was 95% full and a lot of them caught fish. I really like a full lake, keeps me busy and I love getting to visit with our members.

Members are catching 7-12 catfish in the morning hours. Around 9:00 p.m. at night hold on to your poles as the catfish are coming alive. However if you do lose your fishing pole in the lake be sure and check out all the great poles in the lake store.

May Creel count: Catfish – 479, Bass – 72, Blue Gill – 238, Crappie – 29, Trout – 9.
