

## RANGER REPORT

March 2018

Hello everyone!

Hi everyone! We hope the trout season is going well for everybody! Trout are hitting the gold and peach colored Berkley dough bait and also gold kastmaster spoons. Trout are hiding near the docks and drop offs to deeper water. Cloudy days are the best to fish for them. We do ask that if any blue cats are caught, that they immediately be released. They are not to be kept till June 15. Also the speed limit around the lake is 10 mph. Please stay within the limit for safety for everyone. Also there are rocks and bricks being found on the docks. This is not allowed as they are a trip hazard. If you need a rod holder our bait shop sells them. Come on out and enjoy your lake!

Weekly Creel: Trout 209, Catfish 4, Total 213

Take care and good fishing! Ranger Eric
