

August 2018

Hello all!

Wow we have had some big cats caught! Lots of channel and blue cats in the 10-12lb range! And I'm happy to say most were returned to the lake! One of our board members caught a 9 lb channel cat last weekend. The night bite is still the best bite, but the last few days I have seen a good bite from 9-11am. Shrimp, chicken liver and blood/stink baits are still hot; however I caught some nice 2-3lb cats just using night crawlers. Bass are hitting green and also purple 8 inch rubber worms. Aside from the fishing we also have camp sites, boat rentals, soccer, baseball fields and horse shoe pits for use. And also half-court basketball too! Reminder for everyone, absolutely no pets are allowed on the premises. Speed limits are 10mph on all roads. And don't forget, August 25-26 is our all night cat tournament. Blue cats are up for grabs now and will count towards your creel count.

Weekly Creel: Carp 2, Bluegill 40, Bass 51, Catfish 322, Total 415
