

RANGER REPORT

February 2019

Hello everyone!

Well winter finally showed up and took our mild weather fishing with it! Not to worry we still have good numbers of trout in the water, with another stocking on the way soon. March will bring the cats and crappie moving and will also be closer to stocking cats for the season! We will have the soccer nets up soon, come on out and kick a ball around! For you bird watchers, come on out! We have blue birds and warblers showing up as have a few wood ducks.

Weekly Creel: Trout 302, Catfish-6 Grand total-308

Take care and good fishing!
Ranger Eric
