

RANGER REPORT

March 2019

Hello everyone!

Great news! The cats are already here! We stocked early to extend out the catfish season. They are already hitting with night crawler being the best bait. Trout are still hitting too with peach dough bait working the best. Crappie will be starting to hit soon as the waters warm a few more degrees. See Pat and Jeff at the bait store for all your summer fishing needs. A few spring and summer reminders, we have baseball and soccer fields for use, a half-court basketball court, a batting cage and around the lake is 34 grills stationed for use. But please remember no pets of any type allowed. Come on out and enjoy!

Weekly Creel: Trout-311, Catfish-23 Grand total-334

Take care and good fishing!
Ranger Eric
