

## RANGER REPORT

December 2019

Hi all!

Have we recovered from thanksgiving yet? If you need to work off the turkey and pumpkin pie, come on out and walk around the lake and cast for trout! We now have a few stockings of trout in the lake with more to come. Trout are hitting on red trout eggs, peach and green dough baits. Cats on the warmer days can still be caught on shrimp. Come on out and enjoy the lake in winter!
