

RANGER REPORT

September 2019

Hello everyone!

We hope everyone had a great Labor Day weekend. The lake was busy with full campsites, people fishing and grilling out all over! Aside from nice channel cats caught we had a huge 26 lb. blue cat caught and released, bass weighing 4, 5 and 7 lbs. caught too! The larger fish will be more active as the water cools off getting ready for the fall bite! Pat still has plenty of cat bait left and is getting ready to start stocking for the trout season too. Come on out and enjoy the fall fishing and relax at the lake!

August Creel Report: Catfish – 276, Bass – 41, Bluegill – 96, Total – 413
