

RANGER REPORT

January 2020

Hi everyone!

Bring out your new fishing poles you got for Christmas! The trout are biting. Peach and gold colored dough bait, and red trout eggs are working the best. Cats on the sunny warm days are hitting shrimp and night crawlers too. The bait shop is still stocked for trout needs and is getting items for catfish coming in soon. If your looking for a good quality scope for your .22 rifle, the bait shop still has a few for sale. Hope to see you out here soon!

December Creel Report: Catfish - 16, Trout - 405, Total - 405
