

## Ranger Report

July

Hello everyone!

Welcome to summer everyone! The heat is on and that has turned on the catfish night bite! Night fishermen and campers are doing well from 8 pm on till 5 am on the weekends using crawlers, stink baits and shrimp and shad. The best bass bite is early mornings till 10am. Purple worms, rapala wounded minnow diver and creature baits are working the best. The bait shop is trying to stock items as fast as they can get them in. Crappie has a brief fun off island road, hitting minnows and half crawlers. The blue gill are hiding near the bank and under the willows. If you are in to fighting carp, they are hitting worms. As always please be safe on the lake, stay hydrated, please don't speed and please use the trash cans on every dock. See you on the lake!

Creel Count: Catfish - 330, Bass 97, Bluegill 86, Crappie 17, Carp 6, Total 536

All Bass Safely returned to the lake
