CATCH & RELEASE UPDATE ON BASS

With the help of our members the past 2 years, we have worked to improve the bass population. We are happy to see some results. With that said our bass and bluegill populations are still fragile and need to be protected, as our lake receives plenty of fishing pressure. To continue to protect our bass population, we are going to keep the catch and release policy for all bass for 1 more year. This will continue through May 1, 2023 where we will review the bass population and make adjustments from there.
