As the spring season approaches, the sun's warmth invites us to embrace the outdoors. A leisurely walk around the serene lake sounds like a delightful way to enjoy the changing weather. It's also a great way to clear your mind from the everyday stress. The lake is small enough to make this possible, yet large enough for it to be good exercise. Walking is a simple, natural and great low-impact way to burn calories and help your heart. One trip around the lake is one mile
