

## RANGER REPORT

Welcome to September!

Since I have worked out here, I have always thought September thru the first part of November were some of the best times to fish this lake! The cats and bass will soon to be cooler water temps and earlier sunsets, will be piling on the food for winter. Best baits for cats will be large cut shad, crawlers, cut up bluegill or white perch. Bass will want large baits too or baits of opportunity like large grasshoppers or crawdads.

Remember all bass are catch and release no exceptions. Crappie are hitting minnows around the plastic floating docks. Camping season is now over and we will close during the weekends at posted summer-fall-winter hours. Remember you must be off the docks, and exiting the lake 15 minutes prior to closing time. Let's enjoy the fall and trout will be up next in late fall! Stop in the bait shop and see Pat or Shandra about buying raffle tickets for a Remington shotgun! Bird season will be here soon!

### **NO PETS ALLOWED**

August Creel Count: Catfish-300, Bass-46, Bluegill-109, Crappie-26, Total-481

[All Bass Safely returned to the lake.](#)
