

## Ranger Report

### April

Hello all!

We made it to April! Our trout in the lake are winding down, remember there is no limit on trout, catch what's left! We are in early pre-spawn now so bass and panfish may be slow moving coming out of winter. In a few weeks things will really pick up! Cats will be stocked soon also. Pat has been ordering all your summer fishing needs, stop in at the bait shop and check it out.

A few reminders, if you want to fish with 3 poles, stop in at the bait shop and get your 3-pole permit. Only \$1. Speed limit on the lake is 10 mph. All bass are catch and release still. Please if you catch a bass, get a cell phone pic and release asap. White perch are catch and kill; they cannot be put back into the lake. Lastly, you will see the old floating docks being removed from the lake. Please excuse the mess while we are getting you new floating docks! If you see our executive director or board members out, please thank them for funding these new docks, which we will be able to use for decades to come!

March Creel Count: Catfish-3, Trout – 77, Bass, 2, Crappie-6, Total-88

[All Bass Safely returned to the lake.](#)
