February

Hello all!

Well, we are getting through winter pretty quickly! February is a good month to fish for trout. The snow has melted and the lake level is up. Trout are hitting crawlers and green dough baits. Crappie are hitting minnows fished slowly from the island road docks. Cats are still in the lake and on warmer days, will hit chunk baits. See Pat at the bait shop for all your winter fishing needs, and get your catfish baits ordered in early!
