

## Ranger Report

### January

Hello all!

Wow! 2025 is already here! We have stocked trout again and they are larger in size. With the extreme weather and cold temperatures, we need all members to use extreme caution on the docks. Call in advance to get lake updates such as if the lake is frozen over. See Pat at the bait shop for all your winter fishing needs. He is stocked up with trout lures and baits. Remember the speed limit on the lake is 10 mph and absolutely no members are allowed to drive on the south side or island road.

December 2024 Creel Count: Trout – 262, Crappie-11, Total-273

[All Bass Safely returned to the lake.](#)
