March

Hello!

Well, the subzero temps and frozen lake really put a dent in the winter fishing! Our last trout stocking is in the lake and we put 6 golden trout in along with all the other trout. You can still catch plenty of trout till April or May or until the lake warms up too much for them. Keep talk the go to trout baits but also try minnows and crawlers.

February Creel Count: Catfish-6, Trout – 100, Bass, 1, Total-107
